Policy on Exemption from Irish.

Introduction:

This policy was drafted by staff and Board of Management (BoM) in response to recent changes in special educational provisions.

Rationale:

Circular 12/96 requires that some children may be entitled to an exemption from the study of Irish, for example children whose first language is not English and who were reared elsewhere up to 5th class, and children with specific learning difficulties, general learning disabilities and/or sensory impairments.

Relationship to the school Ethos:

This policy is in keeping with the mission statement of the school, which strives to enhance the self esteem of all through providing for the intellectual, physical, moral and cultural needs of all.

Aims and Objectives:

- To allow for pupils of differing abilities, interests and circumstances
- To enhance inclusivity within the school.
- To enable children of all abilities to access the curriculum in a learner friendly manner.

Eligibility for Exemption from study of Irish in Primary Schools.

(According to Circular 12/96)

Pupils in the following circumstances may be allowed exemption from the study of Irish in national schools:-

- (a) Pupils whose primary education up to 11 years of age was received in Northern Ireland or outside Ireland, provided that the parent or guardian who had custody of the pupil was permanently resident in Northern Ireland or outside Ireland during the pupil's period of education up to that age.
- (b) Pupils who were previously enrolled as recognised pupils in national schools who are being re-enrolled after a period spent abroad, provided that at least three years have elapsed since the previous enrolment in the State and the pupil is at least 11 years of age on re-enrolment.
- (c) Pupils

- (i) who function intellectually at average or above average level but have a Specific Learning Disability of such a degree of severity that they fail to achieve expected levels of attainment in basic language skills in the mother tongue, or
- (ii) who have been assessed as having a general learning disability due to serious intellectual impairment and are also failing to attain adequate levels in basic language skills in the mother tongue, or
- (iii) who have been assessed as having a general learning disability due to serious sensory impairment, and are also failing to attain adequate levels in basic language skills in the mother tongue.

The evidence of such a disability must be furnished by a qualified psychologist, supported in the case of (iii) by a report from an appropriate medical specialist. In addition, a full report on the pupil must be furnished by the school.

- (d) Pupils from abroad, who have no understanding of English when enrolled, would be required to study one language only, Irish or English.
- (e) Children of foreigners who are diplomatic or consular representative in Ireland;
- (f) Children from other countries in whose case the Minister is satisfied that they are resident in this country as political refugees.

Pupils from the above categories may be allowed to remain in the class during the Irish lesson so that they may have an opportunity to gain a knowledge of spoken Irish and to participate in the learning activities. Alternatively, other suitable arrangement may be made such as allocating school work on other subject areas.

1. An exemption granted to a student will be operative throughout his/her stay at National school.

Exemption may continue to be granted under the terms of [Circular Letter M10/94](#) for second level schools.

2. The terms Specific Learning Disability does not include disabilities due to poor general intellectual functioning. Account must be taken of the following criteria in determining whether a Specific Learning Disability exists:

 - The school authorities will satisfy themselves as to the documentary evidence submitted.
 - The school authorities will prepare a full report on the student in consultation with relevant teachers.
 - Where exemption is being sought under sub-paragraph (c) above, the parent or guardian will be required to furnish reports from a qualified psychologist and appropriate medical specialist as appropriate.
 - A decision to grant exemption will be conveyed to the parent or guardian by way of a written certificate, signed by the school principal, that the exemption has been given in accordance with this Circular. The certificate will also cite the name, address and type of school, the student's name and date of birth, the sub-paragraph under which the exemption is being granted and the specific grounds for exemption. Where the exemption is being granted under sub-paragraph 9 ©, the name and address of the qualified psychologist and the date of the psychologist's report and the name of the medical specialist and date of report, if applicable, will be included.
 - The application, school report, psychologist's report, report of medical specialist, copy of certificate of exemption and other relevant documents will be retained by the school and will be made available for inspection by authorised officers of the Department.

The Department has prepared guidelines on the preparation of these reports which are available to psychologists.

5. The school report should include information or assessments carried out in the school **by Learning Support/resource teachers or other teachers**. It should include, as well, the results of **tests**, reports from relevant teachers, information on the pupil's attendance, application to study and any remedial or other special help

The operation of the Circular will be formerly reviewed at the end of the school year 2012/13.
 7. An exemption certificate form is attached.
